

Fees – RW & MP

September 2025

From 1 September 2025, the fees for each booking pattern are the below rates. For simplicity, the fees are shown per month depending on the age of the child and eligible funding, these fees are all-inclusive.

We provide simplicity to working parents and a superior service to other nurseries nearby. Our plans therefore provide a stable invoice and give you flexibility on how you use the government funding.

If this is not what you are looking for, we also provide places that just use government funded hours, if availability permits.

All new places are only offered from our waiting list. We administer the list according to the priority order within our policy, found on our website for Admissions.

	Key terms
Attendance for quality care	2 full days or 5 half days - funding available to be used on these days
Holidays/closure days	All bank holidays, closure days and training days are paid days. There are no exceptions made.
Ad-hoc sessions	Additional sessions are bookable at a premium of £5 on the daily rate, and when there is availability. These are bookable over 24 hours in advance and must be paid for before used. Once these bookings are made, they cannot be cancelled.
Acceptance of a place	Once you have accepted a place, it becomes yours, with the paperwork being completed in a timely manner. Full notice is required if you change your mind after accepting a place. See below for the terms for changes.
Changes to a booking plan	You must provide one month's notice for any requests to decrease hours including a withdrawal. These changes will be implemented only at the beginning/end of a month. <i>For example, you give notice on 15th January - Changes made from 1 March.</i> For requests to increase hours, we will look to do this as soon as availability allows.
Government funding Extra costs Explanation of funded hour availability	For 2/3/4 year olds, it is not possible to provide our best service without charging for the extras we provide. These are charged per 15 hours per month and are currently: Meals (Breakfast, 2x Snack, Lunch, Tea) - £66 Consumables (nappies, wipes, suncream) - £40 Additional lessons - £27 (currently including Ballet, Movement & Wellbeing, Spanish, Mandarin and Baking) All extra charges are calculated on a weekly basis, based on the hours used and are included in our monthly fees on page 1. These are then added to together over the month and billed as three separate items. We do not charge extras for 9 month olds and heavily subsidise costs for those in receipt of 2 year old funding. We are able to do this due to the superior funding we receive for children of that age. Total extra cost to 3+ children per month: £133 for use of 15 hours £266 for use of 30 hours Total extra cost for 2+ children per month with funding: £47.50 for use of 30 hours If you have a private contract, and wish to opt-out of these charges, it will alter our agreement and free hours will be possible to be provided in line with our free hours only. These are set out below. We are not currently able to support external food being provided, due to the risk of anaphylactic reaction this poses to other children in our care. If you wish to use funding without paying for the extras charge/using private hours with the Nest, we provide funding on a stretched basis over 51 weeks of the year. For 15 hours places, this is 11 per week over 51 weeks, we offer Friday 8-6, which is 10 hours on one day. Unfortunately providing 1 hour on another day alongside this is not feasible. For 30 hours places, we can provide Friday 8-6 along with two 5 hour half-days that are available at the time. As we only offer full-days and half-days privately, it's important to the Nest that these free places do not create a lower tier of care for the parents or children using this arrangement. Funded-only places must be re-applied for each term as availability will vary with the private hours in demand at the time.
