

Monitoring Staff Behaviour Policy

At the Nest we take the safety and welfare of our children and staff seriously. This policy ensures staff behave in an appropriate manner to act as role models for, and protect, all children in their care. Within this policy we will also ensure that any changes to staff behaviours or ways of working are closely monitored, discussed and supported to ensure all children are safeguarded throughout their time here.

Expected staff behaviour

Within our nursery we expect our staff to:

- Put our children first. Their safety, welfare and ongoing development are the most important parts of their role
- Behave as a positive role model for the children in their care by always remaining professional and demonstrating caring attitudes to all
- Work as part of the wider team, cohesively and openly
- Be aware of their requirements under the Statutory Framework for the EYFS and the nursery policies and procedures designed to keep children safe from harm while teaching children and supporting their early development
- React appropriately to any safeguarding concerns quickly and concisely in accordance with the nursery/local authority procedures and training received
- Not share any confidential information relating to the children, nursery or families using the nursery
- Maintain the public image of the nursery and do nothing that will bring the setting into disrepute
- Ensure that parental relationships are professional and external social relationships are not forged. If a relationship exists prior to the child starting at the setting, discussions with management will be held to ensure the relationship remains professional.
- Adhere to the Mobile Phone and Other Electronic Device policy and Social Networking Policy
- Report to management immediately any changes in their personal life that may impact on the ability to continue the role. These may include, but are not limited to, changes to their police record, medication, any social services involvement with their own children.

Monitoring staff behaviour

Within the nursery we:

- Conduct regular peer observations using all staff and management, during which we observe interactions between staff and children
- Have regular supervisions with all staff in which ongoing suitability is monitored and recorded
- Have a whistleblowing policy that enables team members to discuss confidentially any concerns about their colleagues
- Operate staff suitability forms and clauses in staff contracts to ensure any changes to their suitability to work with children are reported immediately to management
- Ensure all new staff members are deemed suitable with the appropriate checks as detailed in the safeguarding policy.

Some behaviours that may cause concern and will be investigated further include:

- Change in moods
- Sudden changes in religious or cultural beliefs (may be a sign of radicalisation)
- Changes in the way they act towards the children or the other members of the team (becoming more friendly and close, isolation, avoidance, agitation etc.)
- Sudden outbursts

- Becoming withdrawn
- Secretive behaviours
- Missing shifts, calling in sick more often, coming in late
- Standards of work slipping
- Extreme changes in appearance.

Procedures to be followed:

If we have a concern about changes in staff behaviour within the nursery, an immediate meeting will be called with the individual and a member of management to ascertain how the person is feeling. We will aim to support the staff member wherever possible and will put support mechanisms in place where appropriate.

Ultimately, we are here to ensure all staff are able to continue to work with the children as long as they are suitable to do so, but if any behaviours cause concern about the safety or welfare of the children then the safeguarding/child protection procedure will be followed as in the case of allegations against a team member and the Local Authority Designated Officer (LADO) will be called.

All conversations, observations and notes on the staff member will be logged and kept confidential.
